

Spirituality and Art: An Introduction

After completing a research paper for an independent study in art history on Visual Art and Christianity in the 2006 fall semester I was asked by Dr. Juilee Decker to continue my research. She proposed that I find three hundred sources related to art and spirituality possibly to be used in potential class on the subject. Through this experience I have learned how hard and time consuming it is to look up legitimate sources on a topic. I have gained even more respect for those who dedicate their lives to such work and discovered that I really enjoyed it myself.

The sources are arranged alphabetically by the author's last name.
